

A RESOLUTION TO PURCHASE ALFA MAXI TRASH CONTAINERS.

WHEREAS, the Parks and Recreation Department desires to purchase 48 Sybertech Alfa Maxi trash containers, which hold approximately 14 times the refuse of a traditional 55 gallon trash container, can be emptied mechanically, and should help to eliminate or reduce some of the nuisance problems associated with regular trash containers, and

WHEREAS, the trash containers are needed as soon as possible to be available for the heavy usage in the parks this summer, and

WHEREAS, these trash containers are on the Oregon State bid list, which means a competitive bid process has been used, and

WHEREAS, these trash containers have been included in the department's Fiscal Year 2004-2005 budget, but the purchase now would result in faster recovery of the dollar outlay.

NOW, THEREFORE BE IT RESOLVED that the City of Albany City Council adopts the findings and authorizes staff to purchase the Alfa Maxi trash containers.

DATED AND AFFECTIVE THIS 12TH DAY OF MAY 2004.

Effective Date: May 12, 2004

Mayor
