

RESOLUTION NO. 1951

ADOPTION OF ENGINEER'S REPORTS, AUTHORIZATION TO SECURE EASEMENTS, TO OBTAIN BIDS, AND TO ISSUE WARRANTS FOR CONSTRUCTION OF SS-78-7, EAST CENTRAL SANITARY SEWER, PHASE IV, AND SS-78-15, EAST CENTRAL HOUSE CONNECTIONS.

BE IT RESOLVED That the reports of the City Engineer filed with the City Recorder on the 6th day of April, 1978, concerning SS-78-7, East Central Sanitary Sewer, Phase IV, and SS-78-15, East Central House Connections:

be and the same are hereby adopted.

BE IT FURTHER RESOLVED That the Council authorize the Mayor and City Recorder to sign agreements on behalf of the City of Albany for the purpose of obtaining easements to construct the said improvements, direct the City Manager to obtain bids for the construction of said projects as required by law, and authorize the Mayor and City Recorder to make, issue and negotiate General Obligation Improvement Warrants for the performance of said improvements, bearing interest not to exceed 6½% per annum, and constituting general obligations of the City of Albany. The terms of conditions of such warrants shall be as provided by ORS 287.502 to 287.510.

BE IT FURTHER RESOLVED That funds budgeted within the Improvement Fund be transferred as follows:

| RESOURCE: | FROM: | TO: |
|------------------------------|-----------|-----------|
| Fund 26-9986-97006, SS-78-7 | \$ 96,715 | |
| Fund 23-9953-86001, SS-78-15 | 300,000 | |
| REQUIREMENT: | | |
| Fund 26-9986-97007, SS-78-7 | | \$ 96,715 |
| Fund 23-9953-97008, SS-78-15 | | 300,000 |

DATED this 12th day of April, 1978.

Mayor

INTRADEPARTMENTAL MEMORANDUM
Engineering Department

SUBJECT: Engineer's Report SS 78-7 East Central Sanitary Sewer Phase IV
TO: Public Works Director
FROM: Civil Engineer III, Design
DATE: April 12, 1978

The Engineering Staff is seeking a resolution, authorizing the staff to proceed with the fourth phase of the sewer separation work in the East Central area.

SS 78-7 will be funded by the \$96,715.00 reimbursement from the first year Community Development Block Grant and from the Sewer Separation Fund. The estimated total project cost is \$102,800.

This project is located on Sixth Avenue, from Montgomery to Jefferson Streets; Railroad Street, from Sixth to Seventh Avenue; and Jefferson Street from Sixth to Seventh Avenue.

Proposed 

INTRADPARTMENTAL MEMORANDUM
Engineering Department

SUBJECT: Engineering Report SS 78-15 East Central House Connections
TO: Public Works Director
FROM: Civil Engineer III, Design
DATE: April 12, 1978

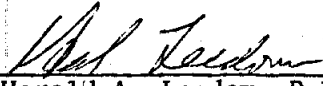

The Engineering Staff is seeking a resolution from the City Council for authorization to proceed with the construction of new individual house connections in the East Central Sewer Separation area bounded by Lyon and Thurston Street and water to Seventh and Eighth Avenues.

The construction of the new individual house connections will begin as soon as possible; scheduling allowances will have to be made for the construction of the 8" laterals on Phase III and Phase IV sewer projects. Emphasis will be placed on installing new lines to those homes in the seven residential blocks with existing collapsed sewer lines.

The cost for constructing new building sewers varies for each case and is dependant upon accessibility, basements, etc. On the average, \$1,000 per house may be expected.
