I. INTRODUCTION

The City of Albany, (hereinafter referred to as “Albany” or “City”) was founded in 1848. Albany is the eleventh largest city in the state of Oregon, and is the county seat of Linn County. Albany has a

home rule charter and is a Council-Manager form of government where the full time appointed City Manager administers the day-to-day operations and is the chief administrative officer of the City.

The average monthly balance of funds invested in the City's general portfolio, excluding proceeds from bond issues, is approximately \$60,000,000.00. The highest balances occur when taxes are collected.

II. GOVERNING BODY

It is the policy of the City of Albany that the administration of its funds and the investment of those funds shall be handled with the highest public trust. Investments shall be made in a manner that will assure security of principal. Parameters will be set to limit maturities and increase diversification of the portfolio while meeting the daily cash flow needs of the City and conforming to all applicable state and City requirements governing the investment of public funds. The receipt of a market rate of return will be secondary to safety and liquidity requirements. It is the intent of the City to be in complete compliance with local, state, and federal law. The earnings from investments will be used in a manner that best serves the public trust and interests of the City.

III. SCOPE

This policy applies to activities of the City of Albany with regard to investing the financial assets of all funds. Funds held by trustees or fiscal agents are excluded from these rules; however, all funds are subject to regulations established by the state of Oregon.

The City commingles its daily cash into one pooled investment fund for investment purposes of efficiency and maximum investment opportunity. The following funds, and any new funds created by the City, unless specifically exempted by the City Council and this policy, are defined in the City's Comprehensive Annual Financial Report:

- General Fund
- Special Revenue Funds
- Debt Service Fund
- Capital Projects Fund
- Enterprise Funds
- Internal Service Funds
- Permanent Funds

These funds will be invested in compliance with the provisions of all applicable Oregon Revised Statutes (ORS). Investments of any tax-exempt borrowing proceeds and any related Debt Service funds will comply with the arbitrage restrictions in all applicable Internal Revenue Codes.

IV. OBJECTIVES AND STRATEGY

It is the policy of the City that all funds shall be managed and invested with three primary objectives, listed in the following order of priority:

1. Safety of Principal

- Safety of principal is the foremost objective of the City. Investments of the City shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio.

- Diversification of the portfolio will include diversification by maturity and market sector and will include the use of multiple broker/dealers for diversification and market coverage.
2. **Liquidity**
The City's investment portfolio will remain sufficiently liquid to enable it to meet all operating requirements that might be reasonably anticipated.
 3. **Yield-Return**
The City's investment portfolio shall be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account the City's risk constraints and the cash flow of the portfolio. "Market rate of return" may be defined as the average yield of the current three-month U.S. Treasury bill or any other index that most closely matches the average maturity of the portfolio.

Effective cash management is recognized as essential to good fiscal management. Cash management is defined as the process of managing monies in order to ensure maximum cash availability. The City shall maintain a comprehensive cash management program that includes collection of accounts receivable, prudent investment of its available cash, disbursement of payments in accordance with invoice terms, and the management of banking services.

V. STANDARDS OF CARE

1. Delegation of Investment Authority

- a. **Governing Body:** The Finance Director, acting on behalf of the City Council, is designated as the Investment Officer of the City and is responsible for investment management decisions and activities. The Council is responsible for considering the quality and capability of staff, investment advisers, and consultants involved in investment management and procedures. All participants in the investment process shall seek to act responsibly as custodians of the public trust.

The Investment Officer and those delegated investment authority under this policy, when acting in accordance with the written procedures and this policy, and in accord with the Prudent Person Rule, shall be relieved of personal responsibility and liability in the management of the portfolio.

- b. **Investment Adviser:** The City may enter into contracts with external investment management firms on a non-discretionary basis.

If an investment adviser is hired, the adviser will serve as a fiduciary for the City and comply with all requirements of this Investment Policy. Exceptions to the Investment Policy must be disclosed and agreed upon in writing by both parties. The Investment Officer remains the person ultimately responsible for the prudent management of the portfolio.

- c. The Investment Officer shall designate a staff person as a liaison/deputy in the event circumstances require timely action and the Investment Officer is not available.

2. Prudence

The standard of prudence to be used in the investment function shall be the "prudent person" standard and shall be applied in the context of managing the overall portfolio. This standard states:

“Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the expected income to be derived.”

3. Ethics and Conflict of Interest

Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with the proper execution and management of the investment program, or that could impair their ability to make impartial decisions. Employees and investment officials shall disclose any material interests in financial institutions with which they conduct business. They shall further disclose any personal financial/investment positions that could be related to the performance of the investment portfolio. Employees, officers, and their families shall refrain from undertaking personal investment transactions with the same individual with whom business is conducted on behalf of the City. Any firm is eligible to make an application to the City of Albany and upon due consideration and approval will be added to the list. Additions and deletions to the list will be made at the discretion of the Investment Officer.

All dealers with whom the City transacts business will be provided a copy of this Investment Policy to ensure that they are familiar with the goals and objectives of the investment program.

If the City hires an investment adviser to provide investment management services, the adviser is authorized to transact with its direct dealer relationships on behalf of the City.
